# Sun Series

# Sun Protection SPF 30

Sun Protection Cream SPF 30

It is suitable for normal and dry skin and contains effective chemical and physical filters against UVA and UVB rays. Can be applied to acne prone and greasy skin due to its transparent and waterbased formulation. Contains alpha linoleic and gamma linolenic acids that supports the protective layer of the skin against epidermal waterloss. Can be applied for 12 months, have a strong sun protection and moisturizing effect. It can also be used after chemical peeling or laser application as a sun protection and moisturizing cream. SPF 50+ and SPF 30 contain same filters with different percentages. Ethylhexyl methoxycinnamate, Octocrylene, Butyl metoxydibenzoylmethan and Titanium Dioxide are coated with waterbased ingredients providing a transparent appearance. Both formulations are water-resistant and do not contain a coloring substance or perfume

# Acn Mat Face Protection Gel Cream

Acne Mat Face Protection Gel Cream SPF 50+ UVA : 30,5

PA : ++++

Acne Mat Face Protection provides a silky feel to the skin due to its colorless, non-greasy texture which doesn't whiten. It is water resistant.

Acne Mat Face Protection is suitable for all skin types. Helps to protect the skin against both UVA and UVB rays; thanks to its Vitamin F, Vitamin E, Vitamin B5 and Allantoin content, it helps to protect the skin against damage caused by the sun and repair it by strengthening barrier layer of the skin. Reduces sensitivity by providing intense moisture.

# Acn Mat Face Protection Gel Cream

Acne Mat Face Protection Gel Cream SPF 50+ UVA : 30,5

PA : ++++

- Thanks to its CELLIGENT content, it helps to reduce erythema by providing DNA protection, prevent DNA damage, and provide natural functions necessary for formation of new epidermal tissue by protecting epidermal stem cells against UV effect.
- **How to use:** Apply to the skin evenly 20 minutes before exposure to sun. The product will be removed during sweating, swimming and toweling so reapply Acne Mat Face Protection.
- **Warnings:** Keep out of reach of children and at room temperature. Do not be exposed to sun rays for a long time even when the product is used. Exposure to sun too much is harmful to health.

# Lipcare Gofre SPF 30

**Lipcare Stick & Lipcare Stick SPF 30 (UVA UVB)** Although lips cover a small area, lip care is of great importance when it comes to the comfort of the human body. Lips lose moisture in cold or dry air or on very sunny days, and as a result they get dry and cracked. Lips are vulnerable to the harmful effects of UVA and UVB during the day.

- **Lipcare Gofre**

It is specifically prepared to solve your lip problems and consists of two different types of lip care sticks completing each other to SOFTEN and PROTECT DRIED and CRACKED LIPS.

- **FEATURES OF THE PRODUCTS:**

- •They have a natural and silky texture and are easily applied on the lips.
- •Both products moisturize and nourish the lips with shea butter, special emollients, and Vitamin E - a powerful antioxidant.
- •They provide dry, very dry, and cracked lips with the care they need.

# Lipcare Gofre SPF 30

- They are suitable for all skin types. They never leave white traces after application. They are hypoallergenic.
- The products are waterproof. They can be re-applied during the day when necessary.
- Lipcare Stick SPF 30 (UVA-UVB) protects your lips against the harmful effects of the sun. They should be applied 20 minutes before sun exposure. It is recommended to re-apply at regular intervals when exposed to the sun for a long period of time.
- For the whole family except for babies.
